This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Highlights

- Adjusted the paper structure according to Reviewer 1;
- Added sentences in the introduction section to show the relationship between the real cases (i.e. examples) and our paper models;
- Added two references in the list, and talked them in the literature review section.
