Accepted Manuscript

Complexity results for storage loading problems with stacking constraints

Florian Bruns, Sigrid Knust, Natalia V. Shakhlevich

PII: S0377-2217(15)00878-4
DOI: 10.1016/j.ejor.2015.09.036
Reference: EOR 13255

To appear in: *European Journal of Operational Research*

Received date: 24 June 2014
Revised date: 17 September 2015
Accepted date: 21 September 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- a universal storage loading model motivated by several practical applications
- complexity results for problems with fixed stacks and limited height
- structural properties and algorithms for special cases
