Title: A new method for solving dual hesitant fuzzy assignmentproblems with restrictions based on similarity measure

Author: Pushpinder Singh

PII: S1568-4946(14)00373-1
DOI: http://dx.doi.org/doi:10.1016/j.asoc.2014.08.008
Reference: ASOC 2440

To appear in: *Applied Soft Computing*

Received date: 3-2-2014
Revised date: 20-5-2014
Accepted date: 1-8-2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

1. Dual hesitant fuzzy set
2. Hesitant fuzzy sets
3. Similarity measure
4. Bidirectional approximate reasoning systems
5. Fuzzy assignment problem
