

Accepted Manuscript

Nonlocal matching boundary conditions for non-ordinary peridynamics
with correspondence material model

Clint Nicely, Shaoqiang Tang, Dong Qian

PII: S0045-7825(18)30206-8
DOI: <https://doi.org/10.1016/j.cma.2018.04.027>
Reference: CMA 11878

To appear in: *Comput. Methods Appl. Mech. Engrg.*

Received date : 14 November 2017
Revised date : 13 April 2018
Accepted date : 17 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
