## Singularity analysis based on wavelet transform of fractal measures for identifying geochemical anomaly in mineral exploration

Guoxiong Chen, Qiuming Cheng

PII: S0098-3004(15)30084-4  
DOI: <http://dx.doi.org/10.1016/j.cageo.2015.11.007>  
Reference: CAGEO3659

To appear in: *Computers and Geosciences*

Received date: 2 July 2015  
Revised date: 7 October 2015  
Accepted date: 9 November 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
