Semantics based approach for analyzing disease-target associations

Rama Kaalia, Indira Ghosh

PII: S1532-0464(16)30052-1

DOI: <http://dx.doi.org/10.1016/j.jbi.2016.06.009>

Reference: YJBIN 2583

To appear in: *Journal of Biomedical Informatics*

Received Date: 29 January 2016

Revised Date: 23 June 2016

Accepted Date: 24 June 2016

Please cite this article as: Kaalia, R., Ghosh, I., Semantics based approach for analyzing disease-target associations, *Journal of Biomedical Informatics* (2016), doi: <http://dx.doi.org/10.1016/j.jbi.2016.06.009>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Semantics based approach for analyzing disease-target associations

Rama Kaalia¹ and Indira Ghosh^{1*}
