*Michael Siering* is a postdoctoral research associate at Goethe University Frankfurt and a research associate at the E-Finance Lab, an industry-academic partnership between Goethe University Frankfurt and several industry partners. He has been a visiting scholar at Penn State University. His research focuses on decision support systems in electronic markets, with a focus on the analysis of user generated content by means of sentiment analysis and text mining. His work has been published in the Journal of Management Information Systems, Journal of Information Technology, Decision Support Systems and conference proceedings such as ICIS, ECIS and HICSS. He holds a M.Sc. and a Ph.D. in business administration from Goethe University Frankfurt.

*Amit V. Deokar* is an Assistant Professor of Management Information Systems in the Robert J. Manning School of Business at the University of Massachusetts Lowell. Dr. Deokar received his PhD in Management Information Systems from the University of Arizona. He also earned a MS in Industrial Engineering from the University of Arizona and a BE in Mechanical Engineering from VJTI, University of Mumbai. His research interests include data analytics, enterprise data management, business intelligence, business process management, and collaboration processes. His work has been published in journals such as Journal of Management Information Systems, Decision Support Systems (DSS), The DATA BASE for Advances in Information Systems, Information Systems Frontiers, Business Process Management Journal (BPMJ) and IEEE Transactions. He is currently a member of the editorial board of DSS and BPMJ journals. He has been serving as the Decision Support and Analytics Track Chair at the international AMCIS 2014-17 conferences, and is currently the Chair of the AIS Special Interest Group on Decision Support and Analytics (SIGDSA). He was recognized with the 2014 IBM Faculty Award for his research and teaching in the areas of analytics and big data.

*Christian Janze* is a doctoral candidate at Goethe University Frankfurt and a research assistant at the E-Finance Lab, an industry-academic partnership between Goethe University Frankfurt and several industry partners. In addition, he is part of the doctoral program of DZ BANK.

He holds a Master's degree in Management from Goethe University Frankfurt and was a scholar of the German National Academic Foundation. His research focuses on user generated content, online reviews and market efficiency and has appeared in ICIS Proceedings.
