

## Accepted Manuscript

Title: Effective degradation of phenol via Fenton reaction over CuNiFe layered double hydroxides

Authors: Hao Wang, Mengmeng Jing, Yan Wu, Weiliang Chen, Yao Ran

PII: S0304-3894(18)30214-0  
DOI: <https://doi.org/10.1016/j.jhazmat.2018.03.053>  
Reference: HAZMAT 19273

To appear in: *Journal of Hazardous Materials*

Received date: 23-9-2017  
Revised date: 25-3-2018  
Accepted date: 27-3-2018

Please cite this article as: Wang H, Jing M, Wu Y, Chen W, Ran Y, Effective degradation of phenol via Fenton reaction over CuNiFe layered double hydroxides, *Journal of Hazardous Materials* (2018), <https://doi.org/10.1016/j.jhazmat.2018.03.053>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Effective degradation of phenol via Fenton reaction over CuNiFe layered double hydroxides**
