

## Accepted Manuscript

Title: Treatment of metal plating wastewater using iron electrode by electrocoagulation process: Optimization and process performance

Authors: Muhammed Kamil Oden, Hanife Sari-Erkan

PII: S0957-5820(18)30287-8  
DOI: <https://doi.org/10.1016/j.psep.2018.08.001>  
Reference: PSEP 1471

To appear in: *Process Safety and Environment Protection*

Received date: 12-6-2018  
Revised date: 29-7-2018  
Accepted date: 1-8-2018

Please cite this article as: Kamil Oden M, Sari-Erkan H, Treatment of metal plating wastewater using iron electrode by electrocoagulation process: Optimization and process performance, *Process Safety and Environmental Protection* (2018), <https://doi.org/10.1016/j.psep.2018.08.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
