

## Accepted Manuscript

Title: Efficient preparation of cetyltrimethylammonium bromide-graphene oxide composite and its adsorption of Congo red from aqueous solutions

Authors: Jinzhu Su, Shuai He, Zhigang Zhao, Xingli Liu, Hui Li

PII: S0927-7757(18)30544-2  
DOI: <https://doi.org/10.1016/j.colsurfa.2018.06.048>  
Reference: COLSUA 22617

To appear in: *Colloids and Surfaces A: Physicochem. Eng. Aspects*

Received date: 29-3-2018  
Revised date: 5-6-2018  
Accepted date: 18-6-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

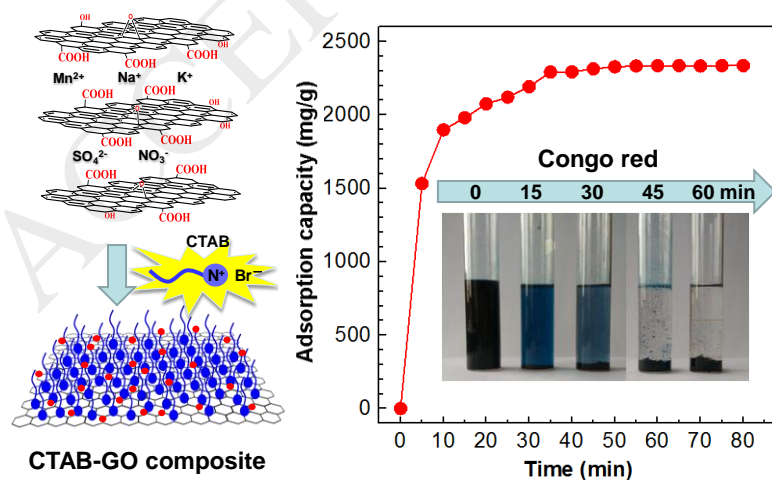

# Efficient preparation of cetyltrimethylammonium bromide-graphene oxide composite and its adsorption of Congo red from aqueous solutions
