

## Accepted Manuscript

Title: Loss of Integrity of Doxorubicin Liposomes during Transcellular Transportation Evidenced by Fluorescence Resonance Energy Transfer Effect

Authors: Dong Li, Jie Zhuang, Yinqian Yang, Dandan Wang, Jinlong Yang, Haisheng He, Wufa Fan, Amrita Banerjee, Yi Lu, Wei Wu, Li Gan, Jianping Qi

PII: S0927-7765(18)30469-7  
DOI: <https://doi.org/10.1016/j.colsurfb.2018.07.022>  
Reference: COLSUB 9478

To appear in: *Colloids and Surfaces B: Biointerfaces*

Received date: 12-4-2018  
Revised date: 23-6-2018  
Accepted date: 9-7-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
