

## Accepted Manuscript

Title: Formulation and *in vitro* evaluation of magnetoliposomes as a potential nanotool in colorectal cancer therapy

Authors: Cristina Lorente, Laura Cabeza, Beatriz Clares, Raúl Ortiz, Lyda Halbaut, Ángel V. Delgado, Gloria Perazzoli, José Prados, José L. Arias, Consolación Melguizo

PII: S0927-7765(18)30518-6  
DOI: <https://doi.org/10.1016/j.colsurfb.2018.07.070>  
Reference: COLSUB 9526

To appear in: *Colloids and Surfaces B: Biointerfaces*

Received date: 21-3-2018  
Revised date: 27-6-2018  
Accepted date: 30-7-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Formulation and *in vitro* evaluation of magnetoliposomes as a potential nanotool in colorectal cancer therapy
