

## Accepted Manuscript

Combining scattering and computer simulation for the study of biomolecular soft interfaces

Ernesto Scoppola, Emanuel Schneck

PII: S1359-0294(18)30004-9

DOI: doi:[10.1016/j.cocis.2018.06.008](https://doi.org/10.1016/j.cocis.2018.06.008)

Reference: COCIS 1206

To appear in: *Current Opinion in Colloid & Interface Science*

Received date: 27 April 2018

Revised date: 26 June 2018

Accepted date: 27 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Combining scattering and computer simulation for the study of biomolecular soft interfaces

Ernesto Scoppola, Emanuel Schneck

Biomaterials Department, Max Planck Institute of Colloids and Interfaces,  
Am Mühlenberg 1, 14476 Potsdam (Germany)

[mycorrespondingauthor]Corresponding author Email address:
