Lactase (β -galactosidase) immobilization by complex formation: Impact of biopolymers on enzyme activity

Clitor J.F. Souza, Edwin E. Garcia-Rojas, Carmen S. Favaro-Trindade

PII: S0268-005X(18)30244-3

DOI: [10.1016/j.foodhyd.2018.04.044](https://doi.org/10.1016/j.foodhyd.2018.04.044)

Reference: FOOHYD 4411

To appear in: *Food Hydrocolloids*

Received Date: 8 February 2018

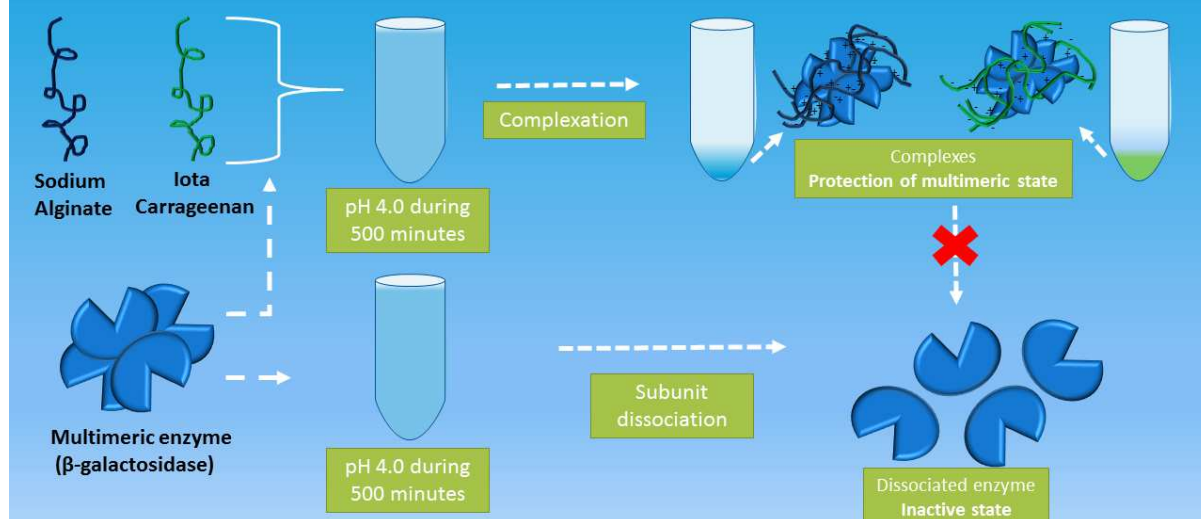

Revised Date: 3 April 2018

Accepted Date: 28 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Immobilization by complex formation
