High pressure homogenization to improve the stability of casein - hydroxypropyl cellulose aqueous systems

Ran Ye, Federico Harte

PII: S0268-005X(13)00265-8

DOI: [10.1016/j.foodhyd.2013.08.022](https://doi.org/10.1016/j.foodhyd.2013.08.022)

Reference: FOOHYD 2352

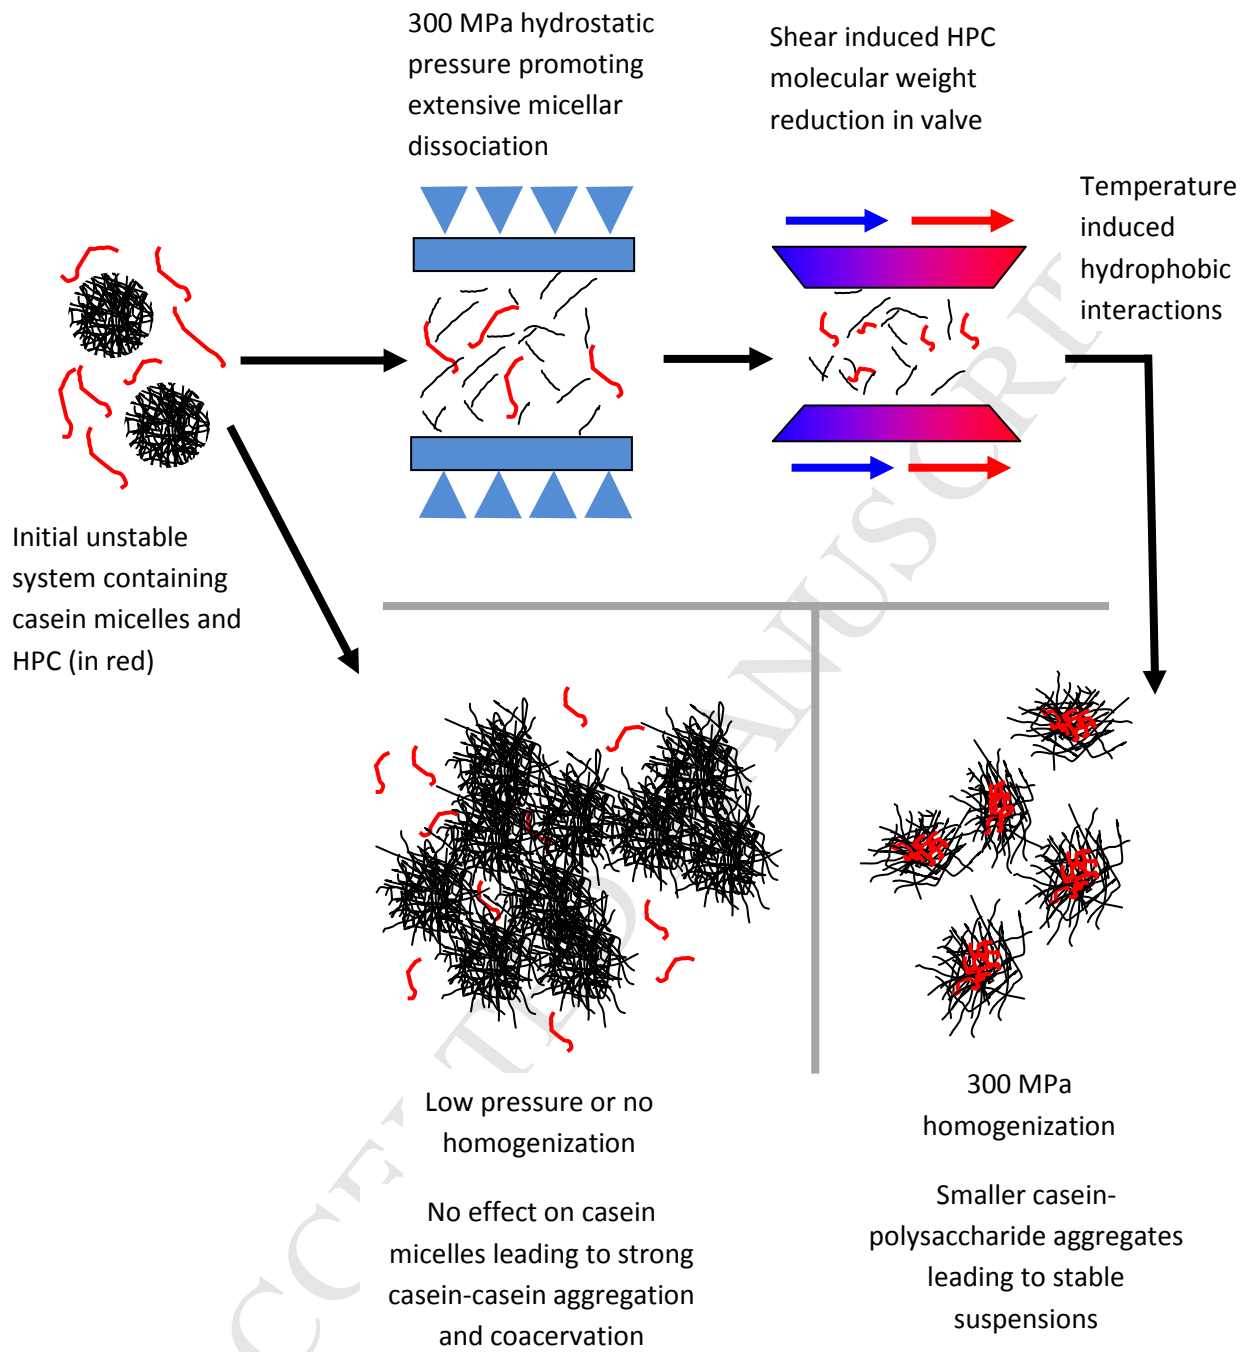

To appear in: *Food Hydrocolloids*

Received Date: 22 April 2013

Accepted Date: 14 August 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
