Effect of alkali-treatment on the characteristics of natural zeolites with different compositions

Ayten Ates

PII: S0021-9797(18)30371-0
DOI: <https://doi.org/10.1016/j.jcis.2018.03.115>
Reference: YJCIS 23465

To appear in: *Journal of Colloid and Interface Science*

Received Date: 5 February 2018
Revised Date: 27 March 2018
Accepted Date: 30 March 2018

Please cite this article as: A. Ates, Effect of alkali-treatment on the characteristics of natural zeolites with different compositions, *Journal of Colloid and Interface Science* (2018), doi: <https://doi.org/10.1016/j.jcis.2018.03.115>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effect of alkali-treatment on the characteristics of natural zeolites with different compositions
