Sulfuric acid etching for fabrication of porous MnO₂ for high-performance supercapacitor

Gaini Zhang, Lijun Ren, Dengwei Hu, Hongxi Gu, Sheng Zhang

PII: S0021-9797(18)30163-2
DOI: <https://doi.org/10.1016/j.jcis.2018.02.023>
Reference: YJCIS 23295

To appear in: *Journal of Colloid and Interface Science*

Received Date: 1 November 2017
Revised Date: 4 February 2018
Accepted Date: 6 February 2018

Please cite this article as: G. Zhang, L. Ren, D. Hu, H. Gu, S. Zhang, Sulfuric acid etching for fabrication of porous MnO₂ for high-performance supercapacitor, *Journal of Colloid and Interface Science* (2018), doi: <https://doi.org/10.1016/j.jcis.2018.02.023>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sulfuric acid etching for fabrication of porous MnO₂ for high-performance supercapacitor
