Investigations on the micellization of amphiphilic dendritic copolymers: from unimers to micelles

Cuiyun Zhang, Huipeng Zhou, Yongxin Li, Yunyi Zhang, Cong Yu, Hongfei Li, Yu Chen, Ian W. Hamley, Shichun Jiang

PII: S0021-9797(17)31460-1  
DOI: <https://doi.org/10.1016/j.jcis.2017.12.070>  
Reference: YJCIS 23142

To appear in: *Journal of Colloid and Interface Science*

Received Date: 7 November 2017  
Revised Date: 22 December 2017  
Accepted Date: 26 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Investigations on the micellization of amphiphilic dendritic copolymers: from unimers to micelles
