From fly ash waste slurry to functional adsorbent for valuable rare earth ion separation: an ingenious combination process involving modification, dewatering and grafting

Qi Zhou, Tiantian Luo, Heng Yang, Cheng Liang, Luru Jing, Wenjun Luo

PII: S0021-9797(17)31301-2  
DOI: <https://doi.org/10.1016/j.jcis.2017.11.015>  
Reference: YJCIS 23002

To appear in: *Journal of Colloid and Interface Science*

Received Date: 8 August 2017  
Revised Date: 25 October 2017  
Accepted Date: 5 November 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
