

Accepted Manuscript

Modeling the Strength and Thickness of the Interphase of Polymer Nanocomposite Reinforced with Spherical Nanoparticles

Tahmasb Nassaji, Yasser Zare

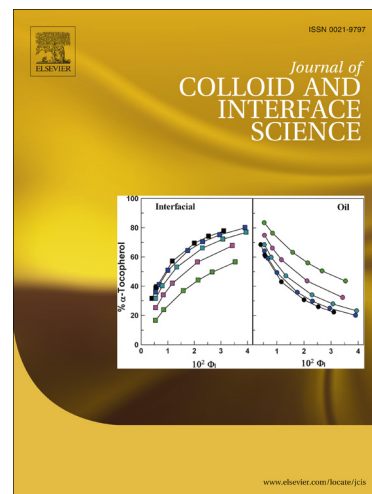

PII: S0021-9797(15)30194-6
DOI: <http://dx.doi.org/10.1016/j.jcis.2015.09.025>
Reference: YJCIS 20735

To appear in: *Journal of Colloid and Interface Science*

Received Date: 3 August 2015
Accepted Date: 8 September 2015

Please cite this article as: T. Nassaji, Y. Zare, Modeling the Strength and Thickness of the Interphase of Polymer Nanocomposite Reinforced with Spherical Nanoparticles, *Journal of Colloid and Interface Science* (2015), doi: <http://dx.doi.org/10.1016/j.jcis.2015.09.025>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Modeling the Strength and Thickness of the Interphase
of Polymer Nanocomposite Reinforced with Spherical
Nanoparticles

Tahmasb Nassaji, Yasser Zare*
