Zirconium Phenylphosphonate-anchored Methyltrioxorhenium as Novel Heterogeneous Catalyst for Epoxidation of Cyclohexene

Sha He, Xin Liu, Hongyue Zhao, Yue Zhu, Fazhi Zhang

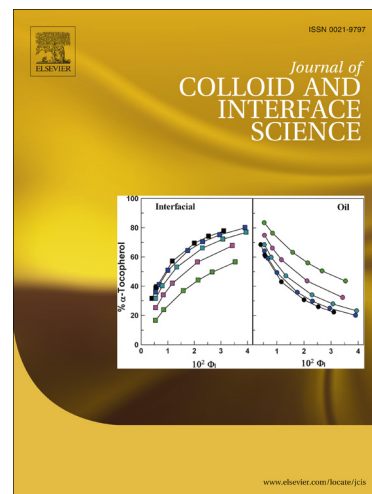

PII: S0021-9797(14)00622-5
DOI: <http://dx.doi.org/10.1016/j.jcis.2014.08.065>
Reference: YJCIS 19800

To appear in: *Journal of Colloid and Interface Science*

Received Date: 11 April 2014
Accepted Date: 29 August 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
