

## Accepted Manuscript

Title: Improving performance of dividing wall column using multistage vapor recompression with intermediate reboiler

Authors: Lianghua Xu, Lianrui Gao, Xiaohong Yin, Xigang Yuan

PII: S0263-8762(18)30197-7  
DOI: <https://doi.org/10.1016/j.cherd.2018.04.023>  
Reference: CHERD 3140

To appear in:

Received date: 23-10-2017  
Revised date: 29-3-2018  
Accepted date: 13-4-2018

Please cite this article as: Xu, Lianghua, Gao, Lianrui, Yin, Xiaohong, Yuan, Xigang, Improving performance of dividing wall column using multistage vapor recompression with intermediate reboiler. *Chemical Engineering Research and Design* <https://doi.org/10.1016/j.cherd.2018.04.023>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Improving performance of dividing wall column using multistage vapor recompression with intermediate reboiler
