Title: Studies on Glycerol Conversion to Tricaproin over Sulfate promoted Iron Oxide as catalyst using Response Surface Methodology

Authors: Kamalpreet Kaur, Amit Sobti, Ravinder K. Wanchoo, Amrit Pal Toor

PII: S0263-8762(17)30714-1
DOI: <https://doi.org/10.1016/j.cherd.2017.12.040>
Reference: CHERD 2965

To appear in:

Received date: 26-5-2017
Revised date: 2-12-2017
Accepted date: 21-12-2017

Please cite this article as: Kaur, Kamalpreet, Sobti, Amit, Wanchoo, Ravinder K., Toor, Amrit Pal, Studies on Glycerol Conversion to Tricaproin over Sulfate promoted Iron Oxide as catalyst using Response Surface Methodology. This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Studies on Glycerol Conversion to Tricaproin over Sulfate promoted Iron Oxide as catalyst using Response Surface Methodology
