

Author's Accepted Manuscript

Removal of Disinfection Byproducts in Forward Osmosis for Wastewater Recycling

Jiale Xu, Thien Ngoc Tran, Haiqing Lin, Ning Dai

PII: S0376-7388(18)30698-7
DOI: <https://doi.org/10.1016/j.memsci.2018.07.041>
Reference: MEMSCI16320

To appear in: *Journal of Membrane Science*

Received date: 14 March 2018
Revised date: 19 May 2018
Accepted date: 15 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Removal of Disinfection Byproducts in Forward Osmosis for Wastewater Recycling
