### Author's Accepted Manuscript

Integration of Membrane Distillation (MD) and Hollow Fiber Cooling Crystallization (SHFCC) Systems for Simultaneous Production of Water and Salt Crystals

Lin Luo, Jingqi Zhao, Tai-Shung Chung

PII: S0376-7388(18)31515-1

DOI: https://doi.org/10.1016/j.memsci.2018.08.001

MEMSCI16374 Reference:

To appear in: Journal of Membrane Science

Received date: 1 June 2018 Revised date: 16 July 2018 Accepted date: 1 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
