This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title:

Crosslinkable TEGMC asymmetric hollow fiber membranes for aggressive sour gas separations

Authors:

Dr. Vinod P. Babu (Corresponding author) ^a

Dr. Brian Kraftschik ^{a, 1}

Dr. William J. Koros ^a

^a – School of Chemical & Biomolecular Engineering, Georgia Institute of Technology, 311 Ferst Drive, Atlanta GA 30332, USA. Email: vinodbabu.p@gatech.edu

¹ – Present address: Praxair, 175 East Park Dr., Tonawanda, NY 14150
