Research Paper

Numerical comparison between single PCM and multi-stage PCM based high temperature thermal energy storage for CSP tower plants

K.E. Elfeky, N. Ahmed, Qiuwang Wang

PII: S1359-4311(18)30901-3

DOI: <https://doi.org/10.1016/j.applthermaleng.2018.04.122>

Reference: ATE 12119

To appear in: *Applied Thermal Engineering*

Received Date: 8 February 2018

Revised Date: 24 April 2018

Accepted Date: 26 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Numerical comparison between single PCM and multi-stage PCM
based high temperature thermal energy storage for CSP tower plants**
