Research Paper

Adsorption heat pump optimization by experimental design and response surface methodology

Joana M. Pinheiro, Sérgio Salústio, Anabela A. Valente, Carlos M. Silva

PII: S1359-4311(17)35121-9

DOI: <https://doi.org/10.1016/j.applthermaleng.2018.03.091>

Reference: ATE 11979

To appear in: *Applied Thermal Engineering*

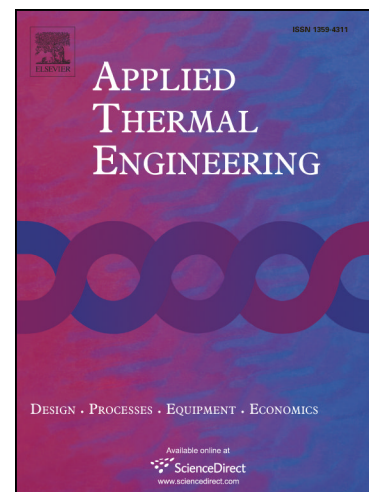

Received Date: 3 August 2017

Revised Date: 14 February 2018

Accepted Date: 27 March 2018

Please cite this article as: J.M. Pinheiro, S. Salústio, A.A. Valente, C.M. Silva, Adsorption heat pump optimization by experimental design and response surface methodology, *Applied Thermal Engineering* (2018), doi: <https://doi.org/10.1016/j.applthermaleng.2018.03.091>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
