Experimental Study on Moisture Migration Process of Zeolite-based Composite Humidity Control Material

Bo Zhou, Juan Shi, Zhen qian Chen

PII: S1359-4311(17)33626-8

DOI: <http://dx.doi.org/10.1016/j.applthermaleng.2017.08.138>

Reference: ATE 11021

To appear in: *Applied Thermal Engineering*

Received Date: 27 May 2017

Revised Date: 7 August 2017

Accepted Date: 28 August 2017

Please cite this article as: B. Zhou, J. Shi, Z. qian Chen, Experimental Study on Moisture Migration Process of Zeolite-based Composite Humidity Control Material, *Applied Thermal Engineering* (2017), doi: <http://dx.doi.org/10.1016/j.applthermaleng.2017.08.138>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Experimental Study on Moisture Migration Process of Zeolite-based Composite Humidity Control
Material
