Boron nitride (BN) nanofluids as cooling agent in thermal management system (TMS)

Mridul Krishnam, Sujoy Bose, Chandan Das

PII: S1359-4311(16)31013-4

DOI: <http://dx.doi.org/10.1016/j.applthermaleng.2016.06.099>

Reference: ATE 8510

To appear in: *Applied Thermal Engineering*

Received Date: 7 February 2016

Revised Date: 20 May 2016

Accepted Date: 15 June 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Boron nitride (BN) nanofluids as cooling agent in thermal
management system (TMS)**
