Enhancement of heat exchanger thermal hydraulic performance using Aluminum foam

Abdelmalek Hamadouche, Abdelwahid Azzi, Said Abboudi, Rachid Nebbali

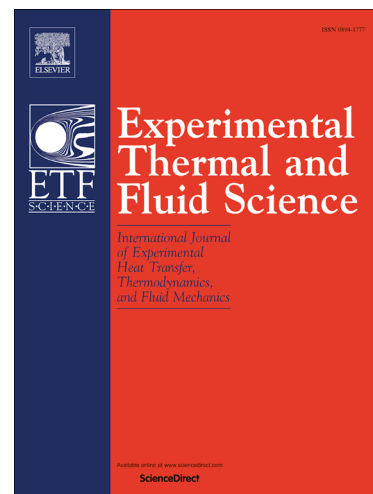

PII: S0894-1777(17)30341-2
DOI: <https://doi.org/10.1016/j.expthermflusci.2017.10.035>
Reference: ETF 9259

To appear in: *Experimental Thermal and Fluid Science*

Received Date: 4 May 2017
Revised Date: 14 October 2017
Accepted Date: 28 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Enhancement of heat exchanger thermal hydraulic performance using Aluminum foam
