

## Accepted Manuscript

Integrated process for scalable bioproduction of glycolic acid from cell catalysis of ethylene glycol

Xia Hua, Rou Cao, Xin Zhou, Yong Xu

PII: S0960-8524(18)31115-5  
DOI: <https://doi.org/10.1016/j.biortech.2018.08.021>  
Reference: BITE 20304

To appear in: *Bioresource Technology*

Received Date: 1 July 2018  
Revised Date: 4 August 2018  
Accepted Date: 6 August 2018

Please cite this article as: Hua, X., Cao, R., Zhou, X., Xu, Y., Integrated process for scalable bioproduction of glycolic acid from cell catalysis of ethylene glycol, *Bioresource Technology* (2018), doi: <https://doi.org/10.1016/j.biortech.2018.08.021>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Integrated process for scalable bioproduction of glycolic acid from cell catalysis of ethylene glycol
