One-pot co-catalysis of corncob with dilute hydrochloric acid and Tin-based solid acid for the enhancement of furfural production

Chun-Xia Jiang, Jun-Hua Di, Chun Su, Si-Yu Yang, Cui-Luan Ma, Yu-Cai He

PII: S0960-8524(18)31088-5
DOI: <https://doi.org/10.1016/j.biortech.2018.07.147>
Reference: BITE 20277

To appear in: *Bioresource Technology*

Received Date: 15 June 2018
Revised Date: 28 July 2018
Accepted Date: 30 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**One-pot co-catalysis of corncob with dilute hydrochloric acid
and Tin-based solid acid for the enhancement of furfural
production**
