This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Bioprocess development for biolubricant production using microbial oil derived via fermentation from confectionery industry waste

Aikaterini Papadaki^{1,+}, Keysson Vieira Fernandes^{2,+}, Afroditi Chatzifragkou¹, Erika Cristina Gonçalves Aguiéiras², José André Cavalcanti da Silva³, Roberto Fernandez-Lafuente⁴, Seraphim Papanikolaou¹, Apostolis Koutinas^{1,*}, Denise Maria Guimarães Freire²
