

## Accepted Manuscript

### Evaluating the Potential Impact of Hydrochar on the Production of Short-Chain Fatty Acid from Sludge Anaerobic Digestion

Xiaolin Wang, Jianwei Zhao, Qi Yang, Jian Sun, Chuan Peng, Fei Chen, Qiuxiang Xu, Shana Wang, DongboWang, Xiaoming Li, Guangming Zeng

PII: S0960-8524(17)31147-1  
DOI: <http://dx.doi.org/10.1016/j.biortech.2017.07.051>  
Reference: BITE 18471

To appear in: *Bioresource Technology*

Received Date: 2 May 2017  
Revised Date: 7 July 2017  
Accepted Date: 8 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
