

## Accepted Manuscript

Dynamics of oxygen supply and consumption during mainstream large-scale composting in China

Jianfei Zeng, Xiuli Shen, Lujia Han, Guangqun Huang

PII: S0960-8524(16)31198-1

DOI: <http://dx.doi.org/10.1016/j.biortech.2016.08.070>

Reference: BITE 16973

To appear in: *Bioresource Technology*

Received Date: 12 July 2016

Revised Date: 15 August 2016

Accepted Date: 17 August 2016

Please cite this article as: Zeng, J., Shen, X., Han, L., Huang, G., Dynamics of oxygen supply and consumption during mainstream large-scale composting in China, *Bioresource Technology* (2016), doi: <http://dx.doi.org/10.1016/j.biortech.2016.08.070>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Dynamics of oxygen supply and consumption during mainstream large-scale  
composting in China**
