

## Accepted Manuscript

Insights to the effects of free cells on community structure of attached cells and chalcopyrite bioleaching during different stages

Shoushuai Feng, Hailin Yang, Wu Wang

PII: S0960-8524(15)01333-4

DOI: <http://dx.doi.org/10.1016/j.biortech.2015.09.054>

Reference: BITE 15563

To appear in: *Bioresource Technology*

Received Date: 20 June 2015

Revised Date: 13 September 2015

Accepted Date: 14 September 2015

Please cite this article as: Feng, S., Yang, H., Wang, W., Insights to the effects of free cells on community structure of attached cells and chalcopyrite bioleaching during different stages, *Bioresource Technology* (2015), doi: <http://dx.doi.org/10.1016/j.biortech.2015.09.054>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Insights to the effects of free cells on community structure of attached cells and  
chalcopyrite bioleaching during different stages**

Shoushuai Feng, Hailin Yang and Wu Wang
