Genetic associations as indices of nitrogen cycling rates in an aerobic denitrification biofilter used for groundwater remediation

Yan Zhang, Guodong Ji, Rongjing Wang

PII: S0960-8524(15)00967-0

DOI: <http://dx.doi.org/10.1016/j.biortech.2015.07.014>

Reference: BITE 15247

To appear in: *Bioresource Technology*

Received Date: 13 May 2015

Revised Date: 1 July 2015

Accepted Date: 5 July 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Genetic associations as indices of nitrogen cycling rates in an aerobic
denitrification biofilter used for groundwater remediation**
