Title: Model Investigation of Condensation Behaviors of Alkalis during Syngas Treatment of Pressurized Biomass Gasification

Authors: Wei Wan, Klas Engvall, Weihong Yang

PII: S0255-2701(18)30062-X
DOI: <https://doi.org/10.1016/j.cep.2018.05.001>
Reference: CEP 7279

To appear in: *Chemical Engineering and Processing*

Received date: 17-1-2018
Revised date: 3-5-2018
Accepted date: 4-5-2018

Please cite this article as: Wan W, Engvall K, Yang W, Model Investigation of Condensation Behaviors of Alkalis during Syngas Treatment of Pressurized Biomass Gasification, *Chemical Engineering and Processing - Process Intensification* (2010), <https://doi.org/10.1016/j.cep.2018.05.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Model Investigation of Condensation Behaviors of Alkalis during Syngas Treatment of Pressurized Biomass Gasification
