

## Accepted Manuscript

Title: A rhodamine-based fluorescent probe for the detection of lysosomal pH changes in living cells

Authors: Dayoung Lee, K.M.K. Swamy, Joohee Hong, Songyi Lee, Juyoung Yoon

PII: S0925-4005(18)30631-2  
DOI: <https://doi.org/10.1016/j.snb.2018.03.133>  
Reference: SNB 24418

To appear in: *Sensors and Actuators B*

Received date: 8-11-2017  
Revised date: 17-3-2018  
Accepted date: 22-3-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
