

Accepted Manuscript

Design and analysis of lattice cylindrical shells with tailorable axial and radial thermal expansion

Kai Wei, Qidong Yang, Bin Ling, Zhaoliang Qu, Yongmao Pei, Daining Fang

PII: S2352-4316(17)30218-3
DOI: <https://doi.org/10.1016/j.eml.2018.01.007>
Reference: EML 346

To appear in: *Extreme Mechanics Letters*

Received date: 29 December 2017
Revised date: 19 January 2018
Accepted date: 19 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Design and analysis of lattice cylindrical shells with tailorable axial
and radial thermal expansion**
