

Accepted Manuscript

Crystal viscoplasticity model for the creep-fatigue interactions in single-crystal Ni-base superalloy CMSX-8

Ernesto A. Estrada Rodas, Richard W. Neu

PII: S0749-6419(17)30034-7

DOI: [10.1016/j.ijplas.2017.08.008](https://doi.org/10.1016/j.ijplas.2017.08.008)

Reference: INTPLA 2239

To appear in: *International Journal of Plasticity*

Received Date: 18 January 2017

Revised Date: 28 August 2017

Accepted Date: 29 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
