This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- The state and performance of the Canadian food cold chain is reviewed;
- Temperature abuses are observed during transportation in summer;
- Cold injuries occur along cold chains delivering food to northern communities;
- Food waste and foodborne outbreaks are significant and seasonal;
- Food security issues in northern communities are critical.
