Accepted Manuscript

Title: Microstructure and texture evolution during porthole die extrusion of Mg-Al-Zn alloy

Authors: Liang Chen, Jixiao Zhang, Jianwei Tang, Gaojin Chen, Guoqun Zhao, Cunsheng Zhang

To appear in: Journal of Materials Processing Technology

 Received date:
 9-2-2018

 Revised date:
 31-3-2018

 Accepted date:
 2-5-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
