Title: Joining of aluminum alloy and polymer via friction stir lap welding

Authors: Yongxian Huang, Xiangchen Meng, Yuhua Wang, Yuming Xie, Li Zhou

PII: S0924-0136(18)30099-2
DOI: <https://doi.org/10.1016/j.jmatprotec.2018.02.043>
Reference: PROTEC 15670

To appear in: *Journal of Materials Processing Technology*

Received date: 24-10-2017
Revised date: 26-2-2018
Accepted date: 27-2-2018

Please cite this article as: Huang Y, Meng X, Wang Y, Xie Y, Zhou L, Joining of aluminum alloy and polymer via friction stir lap welding, *Journal of Materials Processing Technology* (2018), <https://doi.org/10.1016/j.jmatprotec.2018.02.043>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Joining of aluminum alloy and polymer via friction stir lap welding
