Title: Analysis of additional electromagnetic force for mitigating the humping bead in high-speed gas metal arc welding

Author: Y. Li C.S. Wu L. Wang J.Q. Gao

PII: S0924-0136(15)30121-7
DOI: <http://dx.doi.org/doi:10.1016/j.jmatprotec.2015.09.014>
Reference: PROTEC 14549

To appear in: *Journal of Materials Processing Technology*

Received date: 23-7-2015
Revised date: 4-9-2015
Accepted date: 5-9-2015

Please cite this article as: Li, Y., Wu, C.S., Wang, L., Gao, J.Q., Analysis of additional electromagnetic force for mitigating the humping bead in high-speed gas metal arc welding. *Journal of Materials Processing Technology* <http://dx.doi.org/10.1016/j.jmatprotec.2015.09.014>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Analysis of additional electromagnetic force for mitigating the humping bead in high-speed gas metal arc welding
