Accepted Manuscript

Title: Improving Weldability of an Advanced High Strength Steel by Design of Base Metal Microstructure

Author: Kumkum Banerjee

PII:	S0924-0136(15)30132-1
DOI:	http://dx.doi.org/doi:10.1016/j.jmatprotec.2015.09.026
Reference:	PROTEC 14561
To appear in:	Journal of Materials Processing Technology
Received date:	30-12-2014
Revised date:	11-9-2015
Accepted date:	12-9-2015

Please cite this article as: Banerjee, Kumkum, Improving Weldability of an Advanced High Strength Steel by Design of Base Metal Microstructure.Journal of Materials Processing Technology http://dx.doi.org/10.1016/j.jmatprotec.2015.09.026

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Improving Weldability of an Advanced High Strength Steel

by Design of Base Metal Microstructure

Kumkum Banerjee

Research and Development Department, Tata Steel Limited, Jamshedpur, Jharkhand 831007, India (Presently: Associate Professor, Dept of Metallurgical & Materials Engineering, National Institute of Technology, Surathkal 575025, India)
