

# Author's Accepted Manuscript

A statistical analysis of the elastic distortion and dislocation density fields in deformed crystals

Mamdouh S. Mohamed, Ben C. Larson, Jon Z. Tischler, Anter El-Azab

PII: S0022-5096(15)00116-7  
DOI: <http://dx.doi.org/10.1016/j.jmps.2015.05.011>  
Reference: MPS2651

To appear in: *Journal of the Mechanics and Physics of Solids*

Received date: 10 November 2014  
Revised date: 27 April 2015  
Accepted date: 15 May 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
