Accepted Manuscript

# Optimal imperfect maintenance cost analysis of a two-component system with failure interactions

Nan Zhang, Mitra Fouladirad, Anne Barros

PII: S0951-8320(17)30409-X
DOI: 10.1016/j.ress.2018.04.019
Reference: RESS 6138

To appear in: *Reliability Engineering and System Safety*

Received date: 5 April 2017
Revised date: 14 March 2018
Accepted date: 24 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

**Highlights**

- Maintenance policy analysis
- Two component system with stochastic dependency
- Imperfect maintenance and virtual age model
- Non constant Failure rate and Accumulative damage
