

## Accepted Manuscript

Uniaxial cyclic elasto-plastic deformation and fatigue failure of API-5L X65 steel under various loading conditions

Olusegun Fatoba, Robert Akid

PII: S0167-8442(17)30057-5  
DOI: <https://doi.org/10.1016/j.tafmec.2018.01.015>  
Reference: TAFMEC 1992

To appear in: *Theoretical and Applied Fracture Mechanics*

Received Date: 18 June 2017  
Revised Date: 25 January 2018  
Accepted Date: 29 January 2018

Please cite this article as: O. Fatoba, R. Akid, Uniaxial cyclic elasto-plastic deformation and fatigue failure of API-5L X65 steel under various loading conditions, *Theoretical and Applied Fracture Mechanics* (2018), doi: <https://doi.org/10.1016/j.tafmec.2018.01.015>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Uniaxial cyclic elasto-plastic deformation and fatigue failure of API-5L X65 steel under various loading conditions**
